Organizers: Ivo Babuška, Jiun-Shyan Chen, Wing Kam Liu, Antonio Huerta
Harry Yserentant, Michael Griebel, Marc Alexander Schweitzer

Location: Universitätsclub Bonn, Konviktstr. 9, Bonn

To the memory of Ted Belytschko

This symposium aims to promote collaboration among engineers, mathematicians, and computer scientists and industrial researchers to address the development, mathematical analysis, and application of meshfree and particle methods especially to multiscale phenomena. It continues the 2-year-cycled Workshops on Meshfree Methods for Partial Differential Equations.

This particular instance is dedicated to the memory and contributions of Ted Belytschko. While contributions in all aspects of meshfree methods are invited.
