

Hausdorff School

Derived Categories

Dimensions, Stability Conditions, and Enhancements

Organizers: Daniel Bergh (*Stockholm*), Olaf Schnürer (*Bonn*)

Dates: March 29 – April 2, 2016

Location: Mathematik-Zentrum, Endenicher Allee 60, Bonn

Three lecture series

Applications of stability conditions

Arend Bayer (*University of Edinburgh*)

**Generators and dimension in
triangulated categories**

Amnon Neeman (*Australian National University, Canberra*)

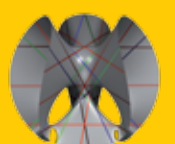

Uniqueness of dg enhancements

Paolo Stellari (*Università degli Studi di Milano*)

Limited funding is available.
Please register before January 31, 2016 on the webpage.
