

Lipschitz Lectures 2009

Variational methods for the analysis of patterns

Mark A. Peletier

Technische Universiteit Eindhoven

Date: **April 20 – May 08**

Location: **University of Bonn, Germany**

Registration

We kindly request you to register by email:
lipschitz-peletier@hcm.uni-bonn.de.

There is no registration fee. Please indicate which lecture you will attend.

There will be limited **funding for external junior participants**. It covers travel expenses and housing. Unfortunately we cannot provide you with office space, but there are desks in the math library. If you seek financial support, please send your vitae with publication list and a short research summary to lipschitz-peletier@hcm.uni-bonn.de. You may also ask a senior scientist to send a short letter of recommendation to this e-mail address. **Deadline for applications is February 6th.**
