

Anne Driemel

Academic career

2009	Diploma Computer Science from the Free University of Berlin
2013	PhD Computing Science from Utrecht University
2014	Postdoc at Dortmund Technical University, working with Christian Sohler
2015	Assistant Professor (UD) of Computer Science at the Eindhoven Technical University
2018	Professor (W2) of Computer Science at the University of Bonn

Honours

2014 - 2018	NWO Veni Grant "Clustering of Time Series and Trajectories"
Since 2018	HCM Bonn Junior Fellow

Invited Lectures

2016	Two decades of algorithms for the Fréchet distance. NII Shonan Meeting: Theory and Applications of Geometric Optimization Shonan Village Center, JPN
2017	Algorithms for Structures in Spaces of Curves. Workshop on Geometry and Machine Learning (part of CG Week 2017) Brisbane, AUS
2019	Clustering Curves under the Fréchet distance. Anticipating Human Behavior Workshop Bonn, DE

Research profile

Discrete and Computational Geometry
Algorithms and Data structures
Trajectory and Time Series Analysis

Selected publications
